Tailored ISA 5.0 for UST

XGIMI has always aimed to make projectors smarter and more user-friendly. With the brand new ISA 5.0 Tech for UST, XGIMI elevates adaptability, environment awareness, and calibration accuracy to new heights while delivering outstanding image quality.

20ms

Ultimate Gaming Experience

Equipped with ultra-low 20ms latency and MEMC technology, AURA 2 (New) provides smooth, lag-free gameplay, ensuring every action is captured accurately.

Remark:

1. The brightness data is from the XGIMI Laboratory. Actual product brightness may differ based on the specific test software version, testing environment, and product version.
2. All parameters listed on this page are measured in a controlled test environment before the product is mass-produced. The results may vary based on individual user experiences, including different environments, usage conditions, and firmware versions.
