

AURA

4K Ultra Short Throw Laser Projector

120"

Ultra Short Throw Laser Projector

Equipped with advanced Ultra Short Throw (UST) technology, AURA converts any wall into a deluxe 120" theater screen, helping you enjoy immersive 3D content in brilliant resolution.

4K

Breathtaking 4K Image Quality

4K UHD with 8.3M individual pixels onscreen, ALPD technology, and HDR10 are fused wonderfully to provide staggeringly crisp images and vivid, lifelike colors that seem to jump off the screen.

1800
ISO

1800 ISO Lumens ¹

Boasting a beaming bright 1800 ISO Lumens, AURA perfectly illuminates your movies, TV shows, and video games with stellar detail. Even during the day or with the lights on, your content stays incredibly crisp and clear.

androidtv

Get More From Your Laser Projector

We've simplified your access to the content you love by integrating Android TV™. No more strange settings or complex interfaces. Enjoy 5000+ apps like Disney+, HBO Max, YouTube, and Hulu with incredible ease.

SOUND BY
harman/kardon
Dolby Audio

Sound by Harman Kardon

Four 15W built-in Harman Kardon speakers + Dolby Audio deliver a premium object-based audio experience that is room-filling and fills your ears with deep individual sounds.

Remark:

1. The brightness data is from the XGIMI Laboratory. Actual product brightness may differ based on the specific test software version, testing environment, and product version.

2. All parameters listed on this page are measured in a controlled test environment before the product is mass-produced. The results may vary based on individual user experiences, including different environments, usage conditions, and firmware versions.
