SOUND BY
harman/kardon

Harman Kardon Sound and Built-in Google TV

Premium Harman Kardon audio, plus access to streaming services via Google TV, deliver the complete home entertainment experience – ready instantly with no extra setup.

Ultimate Gaming Experience

Ultra-low 1ms latency, VRR, and ALLM support combine to provide smooth, lag-free gameplay where every action is captured with precision.

Remarks

1. The brightness data is from the XGIMI Laboratory. Actual product brightness may differ based on the specific test software version, testing environment, and product version.
2. All parameters listed on this page are measured in a controlled test environment before the product is mass-produced. The results may vary based on individual user experiences, including different environments, usage conditions, and firmware versions.
